## SPECTRA PRECISION NOMAD 900 DATA COLLECTOR

The Spectra Precision Nomad® Data Collector, packed with functionality, is an extremely powerful and full-featured rugged data collector. In addition to meeting rigorous military standards the Nomad uses a high speed 806 MHz processor, a long-life, 5200 mAh lithium-ion battery, and integrated wireless capabilities like GPS, Wi-Fi 802.11g, and Bluetooth for power and flexibility. The Nomad features a high-resolution, sunlight-visible full VGA display that shows graphics and maps in crisp detail plus a backlit numeric keypad. The Nomad is available in a range of solutions from the powerful 900XC, the traditional 900LD and the economical 900B, each packed with features and benefits to suit your specific needs.
