**Versatile Interfaces**

FC-250 is equipped with multiple interfaces: Wireless LAN, Bluetooth, optional SS radio, SD card, CF card and serial ports to support positioning equipments such as GNSS and total stations.

**Image Transfers through Wireless LAN**

With the standard Wireless LAN, high-speed image transfer to the FC-250 makes “one-man imaging observation” possible combined with the IS. A more intuitive operation is now possible through the use of images.

**FC-250 Standard Set**

- CPU: Marvel PXA860 MHz
- OS: Microsoft Windows Mobile 6.5
- Memory: 256 MB SDRAM, 1GB Flash Memory
- Display: 3.7 inch TFT color LCD 640x480 VGA
- Keyboard: 7 Key (including POWER)
- Interface: Wireless LAN 802.11b (RS-1 SS Radio (optional)), RS-1B Bluetooth Class 1 (optional), USB (Type A, Type Mini-B), CF card slot (Type I, II), SD card slot (SDHC)
- Environmental: JIS C0920, IP66
- Operating Temperature: -20° ~ +50°C
- Operation: 10 hours (8 hours using Bluetooth)
- Dimensions: H196 x W107 x D61 mm
- Weight: 0.7kg (including battery)

**Field Controller Software “TopSURV”**

TopSURV delivers the power to simplify and speed up data collection and delivery. Its graphical user interface and intuitive operation helps you conduct the fielded tasks on the controller and on board. Real-time re-computation of recorded data puts an end to time-wasting operations.

**Options**

- SS Wireless Radio RS-1
- Bluetooth Class 1 RS-1B
- Soft carrying case
- Neck strap

**Easy to operate multi-connection controller with high speed CPU**

- Windows Mobile 6.5
- 806MHz High speed CPU
- 1 GB internal memory
- Standard Wireless LAN
- Optional RS-1 SS radio
- Optional RS-1B Bluetooth Class 1
- SD/SDHC card
- Numerous applications
- Rugged with IP66 standard environmental proofing
